

Can You Spot It?

Mark off each item when you find it. Colour the images when you're finished!

Item	Description
<input type="checkbox"/> 	Tower of Pisa It took over 200 years for the Tower of Pisa to be completely built. 
<input type="checkbox"/> 	Great Pyramid of Giza The Great Pyramid of Giza was built as a tomb for the Egyptian pharaoh Khufu. 
<input type="checkbox"/> 	The Parthenon The Parthenon was built in honour of Athena, the ancient Greek goddess of knowledge and wisdom. 
<input type="checkbox"/> 	Parrot There are around 400 species of parrots. Most of them come from South America, Australia and the surrounding islands. 
<input type="checkbox"/> 	Kangaroo Baby kangaroos, called joeys, are only about the size of a grape when they are born! They stay in their mother's pouch for nearly a year before they are ready to explore alone. 

Moose

Moose are also called “rubber-nosed swamp donkeys”!

Hot dog

Hot dogs are one of NASA’s approved foods. Astronauts can enjoy this classic summer food even in outer space!

Bowl of ramen

Slurping ramen noodles is not considered rude in Japan—in fact, it is encouraged as a way to cool down the hot noodles as you eat!

Train

The earliest steam engine trains were really slow! They only moved at about 16 km per hour.

Airplane

The first Canadian airplane was flown in Nova Scotia in 1909. It was called the “Silver Dart.”
